Present, on time: Bilal Naseer, David Cárdenas, Umar Khan, Daniyal Khan

Present, not on time: N/A

Absent: N/A

Synopsis: We had a light meeting today consisting largely of a basis check on where we should be. All of us did not accomplish much this week due to midterms taking place, but we all are on the same page. Review our grades of development project.

Recent Accomplishments: established guidelines and expectations going forward. Jira items being entered correctly

Current Activities:

- Bilal and Umar are working on the flutter application connection for the database backend to the front end
- David will think and generate new ideas to try and solve the issues in the jira which are beautify the ai and the exit app closing the app successfully
- Daniyal is working on generating the list of supermarkets the app can reference

Action Items:

David - Working on the second part of the project description report

Bilal - Working on connecting the database correctly to the app frontend and logic

Umar - Working on connecting the frontend app logic to the database

Daniyal - Compile a list of supermarkets for the app to use
